Fair and warmer weather is predicted.

This Ohio River is falling from Pittsburg to Louisville.

See Miner & Bro.'s announcement in another place in this paper.

The State Board of Equalization will re-assemble at Frankfort to-morrow.

The lawyers say their business was never known to be duller than it is at present.

The potato bug holds on like a republican office-holder, remarks the Georgetown Times.

Potatoes, bunch beans, beets and peas of home growth, are abundant in Mayville this week.

At Lawrenceburg Ind., small boys who board trains are arrested and fined. The law is an excellent one.

The supper given by the ladies of the Chester M. E. Church, we are pleased to hear, was a success in every respect.

The uniform for the Lodge of Uniformed Patriarchs, I. O. O. F., of this city, were made by Messrs. Hechinger & Co., in their best style. It is a very handsome uniform.

We are pleased to see that the ladies of Mayville are taking a lively interest in the new fair enterprise. With their approval and help it can not fail to be successfully inaugurated and conducted.

ED. KELLY, who is charged with shooting at John Garrett with intent to kill, on Cabin Creek, several months ago, was arrested on Sunday, by Deputy Marshal Dawson, near Manchester, and brought to Mayville the same day.

The Uniformed Patriarchs I. O. O. F., are requested to meet at their room to-morrow evening immediately after the meeting of DeKalb Lodge, for the transaction of important business. All the members are asked to be present.

DEPUTY SHERIFF FRYER and W. A. Plummer, of Lewis County, passed through Mayville this morning on their way to the penitentiary with a prisoner who had been sentenced to the prison for two years for criminal assault.

It is understood that General Robinson has declined upon his appointments, but none of them will be made until after the close of the fiscal year. The selections to be made for this county are a Deputy Collector, two Storekeepers and a gauger.

This committee selected to solicit special premiums for the meeting of the new fair company this fall will call on the citizens of Mayville this week. The enterprise is one that ought to be encouraged and it is therefore expected that the committee will be liberally treated.

The friends and patrons of the Academy of the Visitation, of this city, are cordially invited to the "art display" at the Academy on June 26th, from nine a. m. to seven p. m. As there will be no public closing exercises the usual rewards will be given to the young ladies in presence of the sisters.

The Ripley Budget says: We learn that some of the gentlemen connected with the Columbus and Mayville Railroad will visit our city soon with a view of raising the necessary amount of money to build the road from Georgetown here. This is a matter all are interested in, and we feel safe in saying that Ripley will do her share.

At the first meeting of the directors of the new fair company, held on Saturday morning, it was decided to hold this year a meeting to begin Wednesday, October 7th and continue four days. Arrangements will be made for cheap transportation to and from the grounds, and the admission price will be only 35 cents. The boys say that this time "everything goes."

MEMBER, ROBERT AND HORATIO FICKLIN, who have been appointed agents for the Kentucky Central Railroad in this city, are two of our most energetic, polite and obliging business men, and are certain to attend to the affairs of the company with fidelity and satisfaction to the company and to the public. Their appointment gives great satisfaction to the business men of the city.

TOM PEARCE, colored, was arrested last Saturday afternoon by Deputy Marshals Dawson and Hefflin and taken before Magistrate Grant and Marsh, where the charge of shooting and wounding with intent to kill was placed against him. Some time in April last, it is charged, Pearce shot and seriously wounded another negro, near Onondaga. His examining trial was continued until to-day, and, in default of \$300 bail, he was sent to jail.

After Pearce's arrest it was learned that he is wanted at Bethel, Bath County, on the charge of poisoning stock and attempting to poison a family near that place. Not long since a gentleman named Haughey, who at one time resided in this county, had two or three fine horses killed by poison. The night after this an attempt was made to poison Haughey's family by impregnating the well water used for cooking purposes with "Rough on Rats." Fortunately the poison was discovered by one of Mr. Haughey's sons. It is claimed that Pearce is one of the guilty parties. If true, he deserves the full penalty of the law.

Virginia City and Gold Hill.

These places have badly run down since the mines gave out. Houses are empty and dilapidated. Property will hardly sell for the amount of taxes on it. This is bad business, and the worst of it is that there is no remedy for it. When an over-worked business man falls in health and becomes debilitated, it is bad; but we can do something for him. Brown's Iron Bitters will put him in working order. This is the best of tonics of any drugist.

Grand Excursion to the Oddfellows' Picnic, at Lexington, on Thursday, June 25th.

De Kalb and Ringgold Lodge, I. O. O. F., accompanied by the Mayville Cornet Band, will attend the Oddfellows' picnic at Lexington, June 25th, leaving on the regular morning train. Mr. W. G. S. Cadler will be at Heiler's European Hotel the evening of the 24th, to issue railroad tickets. All members who intend going are requested to meet him there promptly at 7 1/2 o'clock. Fare for the round trip \$2.10.

The races at the fair grounds on Saturday afternoon attracted a large crowd, and proved to be very interesting. There were a number of contests but the following were of the greatest interest: Road Race—Three entries. Won by Parker. Bicycle Race—Three entries. Won by George T. Simpson. "Bicycle Race," Time 2:35. 250 Club—Two entries. Won by W. W. Baldwin, Jr. Time 2:35. 250 Club—Two entries. Won by "Burdette." Time 2:35. 250 Club—Two entries. Won by Colonel Stevens.

A PART of the Mayville and Lexington turnpike, which lies within the corporate limits of Paris, has been so constantly wet by sprinkling that it has damaged the road and brought upon the company considerable extra expense to keep it in repair. An injunction restraining the city from sprinkling was obtained last week and will be tried in the next few days.

The following is from the Ripley Budget: A rousing railroad meeting was held at Hillsboro on Monday night. The Highlanders are thoroughly enthused with railroad, and express their determination to raise the \$40,000 required from that county to build the Columbus and Mayville railroad.

PERSONALS.

Hon. J. D. Kehoe and son, of Frankfort, are in the city.

Mr. Charles Ott, of Ironton, Ohio is visiting his relatives in Mayville.

Mr. Thomas R. Plister visited Paris, on Saturday, on professional business.

Mr. George Schatzman slept well last night and is considered a little better to-day.

Mr. T. Mat. Pearce, of the Limestone Flour Mills, returned from a successful business trip up the river on Saturday.

Mr. John T. Wood, formerly of this city, is now foreman in Spottwood's planing mill, at Lexington, and, we are pleased to learn, is receiving a good salary and prospering.

Kentucky Women.

The Washington correspondent of the New York Herald writes as follows: "In the afternoon the President had a large number of lady callers. The first to be presented were a party of Kentucky ladies. They were the handsomest group that has been in the East since the war."

To this the New York Sun adds: "Kentucky has long been famous for the beauty of its women, and we are not surprised to hear that a party of the daughters of that fortunate State attracted great attention in the White House because of their uncommon loveliness. We have no doubt that their stately beauty would have provoked admiration and possibly have stirred up consequent jealousy at any court in Christendom."

How to Stop Toothache.

With a small piece of zinc and a bit of silver (will do), the zinc placed on one side of the afflicted gum and the silver on the other, by bringing the edges together the small current of electricity is generated immediately and painlessly stops the toothache.

COUNTY POINTS.

Germanstown.

Business is looking up.

The Kinks' picnic was a success.

The "Stove man" was here Friday.

Judge Johnson has received his commission.

Miss Lettie Kirk, of Hebron, was in town Friday.

We have a new mail line, tri-weekly, from Hebron to Abing.

Mrs. Kate Reed and brother, Dick Lindsay, are the guests of T. M. Dora.

H. M. Vinton will start the race for County Attorney in Bracken.

Large crowds from this place attend the meeting in Brookeville every year.

Squire Coleman's court last week had some interesting and novel suits in it.

Those Comptrols & Bro. have sold a fine party to parties in Philadelphia for a fancy party.

A move from foot to start a pool room? It would pay. A suitable room for it would be at the hotel, but can we get it?

The Red Ranger has held club will not organize this season. We have a new club that has demolished Washington, but as yet no response.

Mrs. Vanholts and Miss Ida are continuing to draw a large crowd at Brookeville, and as a sentiment from here they say, "They are doing a good work."

Mr. H. C. Wilson will have charge of our school this coming term. As this is the third term they have taught here it is useless to say that they give entire satisfaction. The following is dedicated to our friend, the great friend of the State House:

He stood in the hotel door
Where all the guests had fled
A heavy snuff-box he held
And mopped his curly head.

To be continued in our next.

CHIC.

To Fit a Key.

When it is not convenient to take a lock apart to fit a new key, the key blank should be snaked over a candle, inserted in the hole, and pressed firmly against the opposing wards of the lock. The indentations in the snaked portion made by the wards will show where to file.

A Young Philander.
[Cincinnati Equivocal.]

Senator Logan got a letter the other day from a man in Little Rock, Ark., who wrote that while he and his eldest son were staunch Democrats, his youngest son, aged four, was a St. Louis Republican, and a great admirer of John A. Logan. On a recent Sunday the Superintendent of the Sunday school which the four-year-old attends alluded in his remarks to the "publicans and sinners" of eighteen hundred years ago. Much to the amusement of the school, the four-year-old broke out with: "Hurray for Black Jack Logan! He's a 'publican', and so am I."

She Said "Shake."
[London Commercial.]

A good story is told about a Kentucky Congressman's pretty daughter, who visited Washington recently. She went up to President Cleveland upon the occasion of a White House reception, and said: "I'll bet a horse you don't know who I am."

The President was equal to the occasion.

"No," said he, "I don't know who you are, but I bet a horse you are young."

"Shake," said the young lady, and she had been on good terms with the President ever since.

Curing a Bad Memory.

Your memory is bad, perhaps, but I can tell you two secrets that will cure the worst memory. One—to read a subject when strongly interested. The other is to not only read, but think.

When you have read a paragraph or a page, close the book and try to remember the idea on that page, and not only recall them vaguely in your mind, but put them into words and speak them out.

Faithfully follow these two rules and you have the golden keys of knowledge. Besides intensive reading, there are other things injurious to memory. One is the habit of skimming over newspapers, all in a confused jumble, never to be thought of again. This dilutes and cultivates a habit of careless reading hard to break.

CITY ITEMS.

Try Langdon's City Butter Crackers.

Mens canvass shoes 85 cents at Miner & Bro's. (2)222d

Ask your grocer for Crescent Baking Powder. Only 20 cents per pound.

HABITS of Youth, Excesses of Manhood and secret diseases cause more suffering, weakness, nervous debility, impotence, sterility, stricture, varicose disease, prostatic gland, bladder, kidney, heart, catarrh, gonorrhea, syphilis, diabetes and Bright's disease, than anything else, and cannot be cured with stomach medicine, electricity, calomel or cutting. The Mineral Spring Water physician, 291 Broadway, New York, will send a treatise, with 48 wood cuts, for 25 cents, giving the remedies which cure them at home, without pain, privately. Sold

FACTS FOR FARMERS.

WINTER WHEAT AVERAGE THE LOWEST IN FIFTEEN YEARS

United States Commissioner of Agriculture
Columbia Falls—Cotton in Texas,
Pennsylvania, Ohio and West Vir-
ginia—Oats in Illinois.

WASHINGTON, June 22.—The printed report of the agricultural department, giving the condition of the various crops as shown by the June returns, is just out, and contains a few points concerning wheat not given in the synopsis furnished on the 10th instant. It is stated that the general average condition of 63 for winter wheat is the worst official showing since 1883.
"In 1881 it was 74 and 75 in 1882, while in the great crop years of 1880 and 1882 it was 99 in June. From a close study of the returns it is certain that a large portion of the reduction in area is discounted in the returns of condition, yet in a few states it is evident that further allowances must be made for anticipated destruction of area by replanting. Future conditions or mis-conceptions of present appearances, or both together, are not likely to change the total wheat crop of the country more than 10,000,000 bushels above or below the estimate given of 330,000,000 bushels. Still, disaster prior to harvest, or wet weather afterward, might possibly make a greater reduction. Sufficient to the day, however, is the evil thereof."

Columbus on the Condition of Crops.
CHICAGO, June 22.—The United States commissioner of agriculture, Mr. Norman J. Colman, who is here, in an interview, says the outlook for crops generally is exceedingly good, with the exception of winter wheat, of which there would be out a two-thirds crop. This deficiency would, however, nearly be made up by the production of spring wheat, which, since the introduction of the roller process, means as good if not better flour than that produced from winter wheat. He had every reason to believe that there would be large crops of corn, oats and barley, and in fact all cereals. Referring to the pneumonia among the cattle in Missouri, Mr. Colman said it had entirely disappeared, although he kept his men there yet in the anxiety against a fresh outbreak. In speaking of the administration, he said the president would support him in all his measures. He did not consider his department a political one. Appointments would be made with reference to the ability of the appointee. As yet but few changes had been made.

Condition of Cotton in Texas.
GALVESTON, Tex., June 22.—R. G. Dun & Co.'s agency here makes a report on the Texas cotton crop. The report embraces ninety-two counties in the cotton belt district, returns from which are summarized as follows: Sixty-five counties report 33 per cent increase in acreage over last year, twenty-three report a decrease of 11 per cent. Sixty counties report the crop as about seventeen days later than last year, twenty report a decrease of 11 per cent. Sixty counties report the crop as about fourteen days earlier. The average height of the plant is reported in fifty-eight counties as good, in eleven as fair, in nineteen as splendid, in seven as very good, and in seven as not good, owing to the presence of the cotton worm or other causes. Fifty-nine counties report the indications for the crop as very favorable, twelve as good, ten as fair, four as never better, four as not good, and three as indifferent.

Pennsylvania, Ohio and West Virginia.
PITTSBURGH, June 22.—The Dispatch publishes a lengthy report of the condition of the crops in Western Pennsylvania, Eastern Ohio and West Virginia. The reports were carefully gathered by R. G. Dun & Co., and are very complete. Winter wheat is almost a total failure, but spring crops, although a little backward, promise a fair yield. There will be plentiful crops of all kinds of fruits except peaches, which have suffered greatly by the hard winter and late frosts. The wheat crop is light, owing to the fact that a large number of sheep did the past winter from starvation and disease. Business in all sections has not been so dull for many years, but farmers and business men confidently look for improvement in the fall.

Oats in Illinois.
SPRINGFIELD, Ill., June 22.—The department of agriculture has issued a report concerning the prospects for the growing crop of oats, which, next to corn, is entitled to precedence in extent of yield and the value of the product. The annual production of oats in Illinois of late years had exceeded 100,000,000 bushels. The area of oats is much larger than last season and the prospects are favorable for nearly an average yield per acre. The oats crop of the state in 1904 was 105,214,199 bushels. Returns for June make the present area of oats about the same as last season in the northern division of the state, 11 per cent larger in the central division and 25 per cent larger in the southern division of the state than in 1904.

Good-bye to the Web Worm.
DENTON, Tex., June 22.—The web worm that has been destroying the cotton seedlings has left us. The damage, once thought to be so fatal to the cotton prospect, seems to be far less than at first feared. The plant is throwing out new buds after the gentle rains. It is thought by farmers that but very little damage has been done to the cotton. Wheat averaged twenty-five bushels to the acre and oats sixty.

Disgraceful Conduct.
New York, June 22.—The Courier des Etats Unis, the organ of the French residents of New York, attacks in bitter terms the shameful manner at the City Hall in which the men with hats on and in their shirt sleeves prevented the invited guests from obtaining refreshments. The Irish citizens are indignant at the insult heaped upon the Sixty-ninth regiment and the police exchange. The testimony of all concerned will be taken, including police and military. It is the all-absorbing topic at the police exchange and police headquarters.

A Female Poisoner.
CHICAGO, June 22.—Mary Klesner, who has been in jail the past week charged with attempting to poison Mrs. Proctor's, her married sister's family, has confessed not only that, but also that she administered poison, which caused the death of her father, mother and sister at intervals of about a month last year in Duquaine, Iowa. The girl talks of being prompted by spirits, and is evidently insane.

NO POISON IN THE PASTRY

ARE USED.
Vanilla, Lemon, Orange, etc., for Cakes, Creams, Puddings, etc., as delicately and naturally as the fruit from which they are made.

In Footwear at

At THE

PAINT

STORE

—Is a fine stock of—

WALL PAPER,

CEILING DECORATIONS, and everything in the Paint Line.

ALABAMA is the best Coating for walls and ceilings; it will not rub off, and is cheaper and better than Kalsomine or White Wash. Anyone can put it on.
